ADDITIONAL INSTRUCTIONS AND GENERAL INFORMATION

I. GENERAL INFORMATION

Because of the extremely high level of competition for nominations, you are urged to apply to every nominating authority which your eligibility allows, (i.e. your Pennsylvania U.S. Senators, your Congressman, President, Vice-President, children of Deceased or Disabled Veterans, etc.). However, if you receive a nomination from another source, it is possible we will not be able to duplicate that nomination. Since the academies are able to award more appointments than are provided by Congressional vacancies and other categories, no candidate who is highly qualified needs more than one nomination—whether Principal, Alternate or Competitive—to obtain an appointment. By the same token, no candidate who fails to meet academy standards will benefit by having multiple nominations. In order that more interested applicants will have an opportunity to be reviewed by the academies, please let me know immediately if you are nominated by another authority.

Each Congressional office uses a selection process, designed to meet its own needs and standards. The different procedures are often confusing to applicants who apply to more than one office. Last minute misunderstandings can be avoided by carefully studying and following the instructions of each office.

Certain information is required as outlined below in order for you to be considered as an applicant. It is your responsibility to submit this information and to keep it updated. **The deadline for receipt of information is October 11, 2013** to ensure adequate time to assess each candidate's qualifications. Although information received after the deadline is acceptable until the selections of nominees is complete, candidates whose files are incomplete when nominations are made will not be given consideration.

II. REQUIREMENTS

- A. -Applicant must be a legal resident of the Thirteenth Congressional District (Legal residence of custodial parent normally determines constituency should parents be divorced. To confirm your residency please go to www.seventy.org or www.house.gov).
 - Citizen of the United States.
 - Between 17 and 23 years of age by July 1 of the year of entry.
 - Unmarried and have no legal requirement to provide support to a dependent.
- B. Application Form - The enclosed application forms must be completed and returned by the official deadline of **October 11, 2013**. Formal candidacy is established in my office upon receipt of the application.
- C. Guidance Counselor Form and recommendation letters – The guidance counselor form must be completed by your school Guidance Counselor or Principal and returned to our office. *Three additional* recommendation letters must be submitted. These can be from teachers, coaches, employers, etc.
- D. Transcript - An official transcript of your high school record and if possible, your class rank, must be submitted. This transcript must show your final junior year grades. If you apply before this information is available, it is your responsibility to request your guidance counselor to send an up to date transcript and to keep your records current.
- E. College Boards - The SAT and ACT are required entrance exams recognized by the Service Academies for candidates admitted to one of the Service Academies. Applicants are responsible for registration for tests and for requesting scores to be sent to the academy/academies) and to my office. Direct SAT scores to my office by indicating 5817 as the code on the CEEB form. If you are unable to include my office in your original choices for test reports, send me a copy of the report you receive in order to save time and the

additional report fee. If you submit more than one set of scores, the higher scores will be counted. The ACT code is 7647 to send your scores to our office.

- F. Qualifying Medical Exam - The individual academies will recommend the scheduling of medical examinations to the Dept. of Defense Medical Review Board (DODMRB) after receipt of the pre-candidate questionnaire which is used to open a preadmission file at the academy. There is no cost to the candidate for this examination. Be sure to mail the appropriate yellow, white, blue or green cards as soon as possible to the appropriate academy/academies. The results of this exam are not needed for your application file.
- G. Leadership - Leadership potential and physical fitness are judged from the information provided on your application form. This information should be kept up to date. Unlike civilian colleges, the Service Academies place strong emphasis on physical training. In addition, the academies, like civilian colleges and universities, place a high premium on leadership and extra-curricular activities. Therefore, consideration must be given to each candidate's proven ability in these areas.

III. BASIS FOR SELECTION

Selections are made competitively on the basis of a composite of academic factors and leadership potential, extra-curricular activities, physical fitness, and recommendations. The following are included:

- a) school records, class rank, and grade point average;
- b) extra-curricular activities;
- c) college board scores. Normally, competitive candidates will have above 600 on verbal and 650 on math, or ACT scores above 22 on verbal and 26 on math and will stand in the upper fifth of their class. The higher your scores and class standing, the greater will be your chances for a nomination, assuming qualification in the remaining areas of consideration.
- d) Motivation. One of the most important considerations in the selection process is motivation – the candidate's desire to attend an academy. It is also the most difficult to measure. To an extent, motivation can be judged by a candidate's diligence in completing their file, which is one reason those with incomplete files are not considered for nomination. In addition, candidates are invited to write an essay on the reasons for wanting to attend an academy. This may be done on the reverse side of the application form. The essay can be the most helpful tool in deciding if you make it to the "finals" in the other categories.
- e) Interview. Each candidate who completes a written application will be interviewed by the Service Academy Selection Board. The Board is composed of members of the public, who are appointed by Congresswoman Schwartz to review all of the applications, interview the candidates, and make recommendations to me on nominations. Once your file is complete, you will receive further information scheduling your interview.

**REMEMBER: DEADLINE FOR RECEIPT OF COMPLETED APPLICATION
IS OCTOBER 11, 2013!!!**

Other Commissioning Options

ROTC

A very satisfactory alternative to academy attendance is one of the Reserve Officer Training programs offered by the three military services. ROTC, as it is normally called, is a four year elective program that is offered on many college campuses. The ROTC program also offers full tuition scholarships to qualified students. Completion of a Reserve Officer Training program will result in your commissioning as a Second Lieutenant or Ensign along with students who graduate from a military academy at the same time you graduate from college.

Officer Training School

A three month training program leading to a commission as a Second Lieutenant. Active duty service personnel who have an undergraduate degree, and who meet certain eligibility requirements may apply for selection to OTS. OTS opportunities are considerably enhanced by a degree in a technical area.

Education & Commissioning Program

A program for qualified enlisted personnel to attend college full time to obtain a degree needed by their particular branch of the service. This is followed by commissioning through OTS. The disciplines available for study are in technical areas such as engineering or computer science, and an applicant must have completed 45 semester hours of transferable college credit, including math and physical science. The service pays all college tuition expenses and fees, and the student draws his pay as a staff sergeant while attending school full time.
